All newly enrolled students must complete the required Health History and Immunization Form by June 15, 2013.

The form can be accessed at http://my.unc.edu

For a list of all required and recommended immunizations, please visit the Campus Health Services website.

If the form is not completed and turned into Campus Health Services by September 18, 2013, the student will be withdrawn from the university.
Confidentiality

- If a student is 18 years of age or over, the student must give permission to share health records.

- CHS does not accept blanket authorizations.

- If a student is under the age of 18, parents will be contacted unless the student is seeking mental health services.

- Stimulant Medication Contract

See the following websites for more information:

- campushealth.unc.edu/adhd
- learningcenter.unc.edu/ldadhd
What is the difference between the Campus Health Fee and Student Health Insurance Premium?
The UNC System requires all students to have health insurance.

The UNC System Student Health Insurance Plan covers most charges at CHS and is accepted world-wide.

Charges incurred outside of Campus Health Services are subject to deductibles, co-pays and co-insurance.
Hard Waiver Process

- Students must either enroll in the student insurance plan or show proof of insurance at bcbsnc.com/student.
- If the online waiver is not completed, $688.00 per semester will be billed to the student’s University account.
Campus Health Services (CHS) will be in-network with
- UNC System Student Health Insurance Plan
- Student Blue
- All Blue Cross Blue Shield plans

CHS will be out of network for all other plans.

CHS will electronically file a student’s primary insurance.

CHS Pharmacy is in-network with most plans.
Transitions

- Ask questions.
- Encourage your student.
- Recommend CHS.
- Take care of yourself, too.
